

Bang & Bonsomer Group acknowledges the importance of sustainability work in its environmental, social and governance aspects. Our focus is on the following of the UN Sustainable Development Goals:

We are committed to contribute to the achievement of these goals. We participate by setting mid- and long-term targets, establishing a program for their implementation, and measuring our pace.

Our targets are:

- Sustained and meaningful presence within both society and the marketplace, fostering positive, reciprocal impacts
- Carbon neutrality of own operations
- Maximum utilisation of fossil-free energy sources
- Enhanced chemical management
- Personnel satisfaction, providing personal development and self-actualisation
- Zero-accident workplace

Our methods are:

- Increasing awareness among employees and business partners
- Continuous development of product portfolio
- Strengthening supply chain transparency and knowledge
- Ensuring a secure, dependable, and supportive work environment that underpins both performance and wellbeing

Sustainability KPIs:

- Proportion of carbon footprint offset (own operations)
- Share of total energy consumption derived from fossil-free sources
- Percentage (by weight) of products to be destructed vs sold products
- Diversity of personnel (gender, age); diversity of management (gender, age, nationality)
- Personnel retention; reported incidents of discrimination
- Lost working time lost due to occupational accidents
- EcoVadis sustainability assessment score

Environment

Impact on score ●●●●

↗ **80**/100

Environment | Policies

Impact on score ●●●●

↘ **0**/100

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Improvement areas

Medium priority Inconclusive documentation for policies on water

Medium priority Inconclusive documentation for policies on materials, chemicals & waste

Medium priority Inconclusive documentation for policies on energy consumption & GHGs

Medium priority Inconclusive documentation on environmental policies

Environment | Measures

Impact on score ●●●●

↗ **75**/100

Measures are your company's actions to support your sustainability policies and commitments.

Strengths

Employee awareness/training program on energy conservation

Improvement of energy efficiency through technology or equipment upgrades

Environmental emergency measures in place

Improvement areas

High priority Declares measures on water management, but no supporting documentation available

Environment | Certifications

Impact on score ●●●○

● ↗ 100/100

Certifications confirm your compliance with international standards (for example, ISO 14001). They must be issued by an external certification body.

Strengths

ISO 14001 certified

Environment | Reporting

Impact on score ●●●○

● ↗ 100/100

Reporting is based on quantitative KPIs that measure your implementation of sustainability practices.

Strengths

Exceptional reporting on environmental issues

Environmental reporting on energy consumption & GHGs

Environmental reporting on water

Environmental reporting on materials, chemicals & waste

Reporting on total gross Scope 1 GHG emissions

The below disclaimers apply to you if you have no contractual relationship with EcoVadis:

1. This Scorecard has a validity of twelve (12) months from the issue date. The rating and this Scorecard have been prepared based on information provided by the rated company and in accordance with best industry practices and EcoVadis methodology, which may differ from those used by other companies conducting similar assessments. EcoVadis disclaims any liability for any actions and/or decisions taken by a third party, including any investment decision, based on the ratings and/or this Scorecard.
2. This Scorecard is based on the disclosed information and news resources available to EcoVadis at the time of assessment. Should any information or circumstances change materially during the period of the Scorecard validity, EcoVadis reserves the right to place the Scorecard on hold and, if considered appropriate, to re-assess and possibly issue a revised Scorecard.
3. This Scorecard is the intellectual property of EcoVadis and must not be: (i) copied, modified, translated, published, reproduced and/or (ii) used as part of or in connection with any other CSR/ESG assessment, unless agreed otherwise in a written agreement signed with EcoVadis.
4. This Scorecard is the confidential information of EcoVadis. Unless agreed otherwise in a written agreement signed with EcoVadis, this Scorecard and the rating must not be used by a third party as part of or in connection with any activity related to revenue generation and shared any further; it may be used only for a third party's internal purposes.
5. Only a Scorecard of a rated company having a Select subscription can be used for the purpose of ESG - linked loans and similar products offered by any financial institution outside of the EcoVadis solution.
6. The rating and this Scorecard have been prepared based on information provided by the rated company and in accordance with best industry practices and EcoVadis methodology, which may differ from those used by other companies conducting similar assessments. EcoVadis disclaims any liability for any actions and/or decisions taken by a third party, including any investment decision, based on the ratings and/or this Scorecard.
